

just as soon as they reached him, and he kept his word. I know something about public sentiment in New Jersey, and I do not believe that there would have been any general or sympathetic protest against these anti-race-track measures. If Governor Werts had waited even a whole week before returning them unapproved, the people did not believe that the senate would pass them over the veto in the way it did, and they would have based their confidence on that and on the vetoes themselves.

"As it is, the best possible results are being gained. There has been such a moral approval of the state has never before seen, and the officials are learning in the most dramatic way such a lesson as they have never learned in New Jersey before. The Governor cannot rightly be accused of playing into the hands of the race-track gamblers. They knew just what he was going to do, and now the people have had a chance to speak in thunder tones and have done so. I feel sure that they have spoken effectively and that the bills will be repealed. The only possible hindrance to their becoming laws is that two of the tracks have already obtained their licenses. But one of these, I am told, was illegally granted, and in any case there is grave doubt as to whether the licenses will stand if the repealing goes through. Anyhow, the moral sentiment of the state will greatly outweigh whatever ill may flow from this legislation. I only hope that the effect of this approval will be felt out before the next election. If it does not New Jersey will have a very different Legislature a year from now."

LINDEN TOWNSHIP PROTESTS.

MR. MCANDLESS WILL RESPECT PUBLIC SENTIMENT AND REFUSE A FRANCHISE.

The Township Committee of Linden Township, held a meeting in the Linden schoolhouse to-night, and as it was supposed an application would be made by the Linden Race-track Association for a license for the track, the hall was crowded, large delegations coming from Roselle, Rahway and Elizabeth to urge the Linden Committee to refuse to grant any license. No application was made, however. Richard V. Lindbergh, of the Citizens' Anti-Race-track League, offered the following resolutions for the consideration of the Township Committee:

Whereas, Certain bills known as the race-track acts were passed by the Legislature on February 23 in defiance of the overwhelming public sentiment of this state, and in flagrant disregard of the constitutional right of the people to be heard respecting the same; and

Whereas, It is the sense of this committee, and especially of the county of Union, therefore, be it

Resolved, That the Legislature be requested forthwith to repeal said acts, and not to attempt until they have done so, and be it further

Resolved, That it is in the interest of this township to grant any license under said act, nor to have it.

Resolved, That a copy of these resolutions be presented to the Legislature at its next sitting.

Forcible speeches in favor of their adoption were then made by ex-Presidential West, of Roselle; Vice-President Lindbergh and Mayor Rankin, of Elizabeth, and the Rev. Dr. Liggett, of Rahway.

Town Committee member Harlan McAndless made a speech, in which he spoke of the friendship that existed between himself and the managers of the Linden track, who had paid him \$15,000 for his farm to build their racecourse on, and declared that he lived as near to it as anybody in the township, and never saw anything wrong with it or its proprietors, who were gentlemen, but he would respect the moral sentiment of the State and would refuse to grant any license if it should be applied for.

This announcement was greeted with cheers, as it was supposed to have been the intention of the committee to grant any license if it should be applied for.

The resolutions were then adopted by the unanimous vote of the committee. Two members of the committee were absent.

INDIGNATION AT METUCHEN.

A large and enthusiastic meeting was held on Sunday night in the Presbyterian Church, Metuchen, to denounce and demand the repeal of the infamous race-track legislation. Dr. Mason presided, and spoke strongly. W. H. Corbin made an able plea against such legislation. Dr. Andrews, L. W. Thibault, A. W. Marshall, the Rev. H. Wycoff and others spoke. Strong resolutions were adopted unanimously, and a large meeting denouncing the bills and demanding their immediate repeal.

THE GUTTENBERG TRACK LICENSED.

The North Bergen township committee has already issued a license to the Guttenberg track. The application was made under the new law by Lawrence Flanagan and John N. Crusius, in the name of the newly incorporated Hudson County Jockey Club.

MAY REVOKE MONMOUTH'S LICENSE.

Red Bank, N. J., March 6 (Special).—The Township Committee of Eatontown Township will hold a special meeting on Thursday to revoke the license granted to the Monmouth Park Racing Association last week. The meeting was called by J. D. Van Note, the chairman of the committee.

AN INDIGNATION MEETING IN CAMDEN.

Camden, N. J., March 6.—The courthouse was densely packed to-night with people who had turned out to attend the citizens' indignation meeting, called to denounce the racing laws. A Senator and three Assemblymen were asked to appear before this meeting and explain their votes in the Legislature. Letters were read from Assemblymen Rogers and Thompson, and from William J. Thompson or Henry, and resolutions were adopted denouncing the two. The meeting was addressed by several citizens. Hundreds signed the petition circulated among the racing laws. Dr. Gray delivered a forcible speech, in which he said he favored force, as the citizens can get no satisfaction otherwise. It was unanimously agreed that a citizens' ticket should be placed in the field at the next election. Should this be done Thompson and Henry would be buried out of sight.

THE RACE TRACK BILLS DENOUNCED.

Bordentown, N. J., March 6.—The pastors of the various churches in this city yesterday denounced from their pulpits the race-track bills recently passed. In all the churches last night petitions for the repeal of the obnoxious laws were circulated and numerous signed.

CITIZENS OF BAYONNE SPEAK THEIR MINDS.

A mass-meeting was held last evening in the City Hall at Bayonne, N. J., to denounce the obnoxious race-track legislation. The Council Chamber was filled to overflowing. The Rev. W. W. Knox, pastor of the First Reformed Church, called the gathering to order and made a forcible speech against the new law. John H. Humphreys, of E. D. Morgan & Co., was the permanent chairman. Horace Browne was the secretary. A list of sixty prominent vice-presidents and forty secretaries were elected.

Mr. Robinson fully explained arguments bearing on racing and pool selling. Addresses were made by Rev. T. M. Kilken, of St. Mary's Roman Catholic Church; Frank N. Barrett, Thomas J. Kennedy and others. Nearly all present signed a petition asking the Legislature promptly to repeal the last race-track statutes. Strong resolutions were adopted, and the committee which prepared the resolutions and took charge of the preliminary work consisted of John Humphreys, the Rev. Harold Arrowsmith, of Trinity Protestant Episcopal Church; Thomas J. Kennedy, Dr. Wm. Van Buskirk, Eliza B. Craft, the Rev. T. M. Kilken and John J. Hickey.

MR. BOYD'S FAREWELL SERMON NOT DELIVERED.

Camden, N. J., March 6.—The Second Presbyterian Church was crowded to hear the Rev. William Boyd preach his farewell sermon. The sermon was not preached, however, and will not be. Just as the services opened a petition bearing over 300 names was presented to Mr. Boyd, urging him to reconsider his decision. He announced his decision to remain in an honorable release could be secured from the Lansdowne, Penn. church, where he had intended to go. The church undertook to do this, and appointed a committee to secure his release, and to popular here.

DUE TO THE ROAD'S GROSS CARELESSNESS.

Providence, R. I., March 6.—Coroner Brennan has given a verdict in the inquest on the death of Sarah Ann Draper by the Lansdowne grade crossing fatality. The verdict is applicable to all the victims of the decision is that her death was due to the gross carelessness of the New-York, New-Haven and Hartford Railroad Company in not protecting sufficiently the grade crossing.

NEW BOUND BROOK

has all city conveniences with greatest country benefits, among which are freedom from mosquitoes, perfect sewerage, abundant supply of heat quality of water, under heavy gravity pressure, electric lights, a golf course, a swimming pool, a tennis court, a large and all lots restricted against every form of nuisance and objectionable feature. A few beautiful cottages and choice lots for sale cheap, on easy terms. The church undertook to do this, and appointed a committee to secure his release, and to popular here.

POINDEX'S EXTRACT OINTMENT.

It is remarkable specific action upon the affected parts gives it supreme control over Piles, however severe.

Also for Burns, Scalds, Eruptions, Salt Rheum, &c. Testimonials from all classes prove its efficacy. Price 50c. Sold by all Druggists or sent by mail on receipt of price. Put up only by POINDEX'S EXTRACT CO., 16 3/4 Ave., N. Y.

THE END OF THE CELEBRATION

BRILLIANT FIREWORKS IN WASHINGTON.

CONCERTS IN THE PENSION BUILDING AND EVENING-THRONOS LEAVE THE CITY.

Washington, March 6.—Incidental to the inauguration festivities, the illumination of the Capitol building and Pennsylvania-ave., and the display of fireworks on the Monument grounds to-night. These were to take place Saturday night, but owing to the inclement weather they were postponed.

Shortly after night set in people assembled to Pennsylvania-ave. from all parts of the city. It was with great difficulty that the cable cars and vehicles were able to move. Nine electric signs placed on the twelve feet high front of the Capitol illuminated the building. The effect was fine, and the structure was visible many miles away. The lighting of the avenue was effected by forty suns illuminators, and these, supplemented by revolving suns at the Treasury Department, completed a scene, the brilliancy of which was a subject of much admiration.

But the best entertainment of the evening was the pyrotechnical display in the Monument grounds, where for about an hour the crowds were treated to a

series of explosions following each other in rapid succession. The effect was fine, and the structure was visible many miles away. The lighting of the avenue was effected by forty suns illuminators, and these, supplemented by revolving suns at the Treasury Department, completed a scene, the brilliancy of which was a subject of much admiration.
